

RESPAWN YOUTH 2026 **IMPACT** **REPORT**

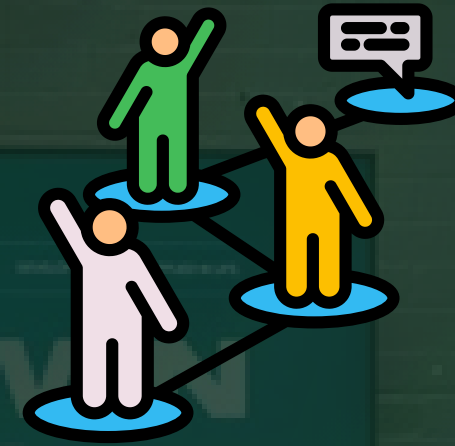

*Proudly serving 100+
students*

STUDENTS WE **SERVE**

70% of students come from low to middle income households

Skills that students improved upon during our class.

93% of students felt more engaged or motivated in school, after enrolling in the program

88% of students conducted self-motivated research at home

88% of students applied these skills to their education

100% of students have felt **accepted** in the program.

53% of students have taken on **leadership roles** during the course.

94% of students made stronger **connections** with their peers.

The **Impact** on Youth

"I have changed and grown as a teammate and student in this program, by learning skills i can apply to the game and in school."

Hunter P.

"I think this program has helped me step out of my comfort zone and develop better leadership and communication skills."

Izzy L.

"I communicated a lot more and started to think strategically. "

William B.

"Sometimes the end goal isnt so much a goal as it is a medium to motivate you to do everything else on the way there"

Tristan K.

"Losing is a learning experience"

Hassen A.

"I became a much more emotionally regulated, less self centered person."

Benjamin B.

Where Our Students Go Next

College Placements

Our alumni have gone on to attend competitive universities across the country.

- *UNC Charlotte*
- *University of Texas at Austin*
- *Northeastern University*
- *And more!*

Career Pathways

Gaming is the entry point. Students have gone on to pursue careers across tech, media, and beyond.

- *Game Design*
- *Software / IT*
- *Business Admin*
- *And more!*

Our Perspective

For most students, gaming is already a part of life. What Respawn Youth adds is intention. Inside the program, the same instincts that make a great teammate in-game get named, practiced, and carried forward: reading the room, communicating clearly, staying composed when things go wrong. Our students in the program didn't just improve at the game. They walked into new rooms with more confidence, clearer goals, and a broader sense of who they are.

87% of students have chosen to pursue **higher education** after completing Respawn Youth.

THANK YOU TO ALL THE EARLY ADOPTERS!

This wouldn't have
been possible
without you!
